

**Stanley Primary School**  
**Curriculum map 2023-2024**

	<b>Autumn 1</b>	<b>Autumn 2</b>	<b>Spring 1</b>	<b>Spring 2</b>	<b>Summer 1</b>	<b>Summer 2</b>
Reception	<p>Begin by looking at the classroom environment and locating where things are. They then move onto looking at the outside area within Reception. They also look at seasons and weather during this unit.</p>	<p>Begin by looking at the classroom environment and locating where things are. They then move onto looking at the outside area within Reception. They also look at seasons and weather during this unit. They move onto look at the school as a wider area and doing walks around school to locate classrooms, the office, the hall, the dining room, playground etc. to develop their independence and spacial awareness.</p>	<p>The children begin to look at how to look after their areas and consider how to put things away, where to put things away and why.</p>	<p>The children begin to look at how to look after their areas and consider how to put things away, where to put things away and why.</p>	<p>The children begin to prepare for moving into Year 1. They do walks to identify locations and to become aware of their spatial surroundings.</p>	<p>The children begin to prepare for moving into Year 1. They do walks to identify locations and to become aware of their spatial surroundings.</p>
Year 1	<p><b>Our Local Area</b> We will be: Devise a simple map and construct basic symbols in a key. Study school grounds and physical features of surrounding environment. -Use Digimap software</p>	<p><b>Our Local Area</b> We will be: Devise a simple map and construct basic symbols in a key. Study school grounds and physical features of surrounding environment. -Use Digimap software</p>	<p><b>The UK</b> -Using maps &amp; globes, naming, locating &amp; identify 4 countries &amp; Capital Cities in the U.K. &amp; seas. -Focus on the capital London and compare it to</p>	<p><b>The UK</b> -Using maps &amp; globes, naming, locating &amp; identify 4 countries &amp; Capital Cities in the U.K. &amp; seas. -Focus on the capital London and compare it to</p>	<p><b>Around the World Tour</b> We are identifying the human and the physical features of each continent, exploring landmarks and using geographical vocabulary to report our findings.</p>	<p><b>Around the World Tour</b> We are identifying the human and the physical features of each continent, exploring landmarks and using geographical vocabulary to report our findings.</p>

			Blackpool, exploring the features of cities and towns. -Understand the differences between cities and towns. - Compare the features of town and countryside	Blackpool, exploring the features of cities and towns. -Understand the differences between cities and towns. - Compare the features of town and countryside	Europe Africa South America North America Asia, Australia and Antarctica.	Europe Africa South America North America Asia, Australia and Antarctica.
Year 2	<b>Little Blue Planet</b> Exploring our planet and what makes it special and how we can protect it for the future. Consider what impacts we have on the earth and how we can create sustainability. Recognising how places are linked in the world. Making observations about where things are located.	<b>Little Blue Planet</b> Exploring our planet and what makes it special and how we can protect it for the future. Consider what impacts we have on the earth and how we can create sustainability. Recognising how places are linked in the world. Making observations about where things are located.	<b>Australia here we come</b> Looking at geographical features -human and physical. Uses globes, maps to locate Australia. Making connections between their lives and life in Australia. Comparing similarities and differences. Considering sustainability and select resources to seek and convey information.	<b>Australia here we come</b> Looking at geographical features -human and physical. Uses globes, maps to locate Australia. Making connections between their lives and life in Australia. Comparing similarities and differences. Considering sustainability and select resources to seek and convey information.	<b>The UK and its coastline</b> How are coasts important to people are their everyday lives. considering points of view. Using secondary information to develop opinions about erosion. Consider impacts to physical features wildlife and habitats. Using maps, digital resources to identify locations and look at land changes due to erosion.	<b>The UK and its coastline</b> How are coasts important to people are their everyday lives. considering points of view. Using secondary information to develop opinions about erosion. Consider impacts to physical features wildlife and habitats. Using maps, digital resources to identify locations and look at land changes due to erosion.
Year 3	<b>Pole to Pole</b> -Looking at what creates a cold place both locally and globally	<b>Pole to Pole</b> -Looking at what creates a cold place both locally and globally	<b>Ambleside v Blackpool</b> Explore similarities and differences of human and physical features between two areas	<b>Ambleside v Blackpool</b> Explore similarities and differences of human and physical features between two areas	<b>Ambleside v Blackpool</b> Explore similarities and differences of human and physical features between two areas in the UK.	<b>Ambleside v Blackpool</b> Explore similarities and differences of human and physical features between two areas

	<ul style="list-style-type: none"> <li>-using thermometers to measure temperatures</li> <li>-identify locations in the polar regions</li> <li>-understand that ice and snow can create different features</li> <li>-using atlases</li> <li>-understand the effects of seasonal changes</li> <li>-learn about the different wildlife in the North and South pole and how they adapt to living there.</li> <li>-identify countries in the Arctic circle and recognise how people have adapted to living there.</li> </ul>	<ul style="list-style-type: none"> <li>-using thermometers to measure temperatures</li> <li>-identify locations in the polar regions</li> <li>-understand that ice and snow can create different features</li> <li>-using atlases</li> <li>-understand the effects of seasonal changes</li> <li>-learn about the different wildlife in the North and South pole and how they adapt to living there.</li> <li>-identify countries in the Arctic circle and recognise how people have adapted to living there.</li> </ul>	<p>in the UK.</p> <p>Trip to Ambleside to collect data and observe the land use and compare to Blackpool.</p>	<p>in the UK.</p> <p>Trip to Ambleside to collect data and observe the land use and compare to Blackpool.</p>	<p>Trip to Ambleside to collect data and observe the land use and compare to Blackpool.</p>	<p>in the UK.</p> <p>Trip to Ambleside to collect data and observe the land use and compare to Blackpool.</p>
Year 4	<p><b>Investigating the UK and who we are</b></p> <ul style="list-style-type: none"> <li>- Looking at migration, immigration and our society.</li> <li>Considering why people change locations and recognising opportunities for involvement.</li> <li>-Children can explain diverse cultures and recognise</li> </ul>	<p><b>Investigating the UK and who we are</b></p> <ul style="list-style-type: none"> <li>- Looking at migration, immigration and our society.</li> <li>Considering why people change locations and recognising opportunities for involvement.</li> <li>-Children can explain diverse cultures and recognise characteristics of different places.</li> </ul>	<p><b>Guadalajara</b></p> <p>Exploring physical similarities and differences through studies of human and physical knowledge of a region in a European country.</p> <p>Collecting data of how people live in Guadalajara, including: jobs, houses, schools. (In contact with a school in Madrid via email and WhatsApp).</p>	<p><b>Guadalajara</b></p> <p>Exploring physical similarities and differences through studies of human and physical knowledge of a region in a European country.</p> <p>Collecting data of how people live in Guadalajara, including: jobs, houses, schools. (In contact with a school in Madrid via email and WhatsApp).</p>	<p><b>The Amazing Amazon</b></p> <p>Describe and understand key aspects of physical geography and human geography</p> <p>Identify and describe what places are like and describe how places differ in size around the world.</p> <p>Use weather maps to find information, recognise key</p>	<p><b>The Amazing Amazon</b></p> <p>Describe and understand key aspects of physical geography and human geography</p> <p>Identify and describe what places are like and describe how places differ in size around the world.</p> <p>Use weather maps to find information,</p>

	<p>characteristics of different places.</p> <p>-Comparing similarities and differences to life in the UK.</p>	<p>-Comparing similarities and differences to life in the UK.</p>			<p>features of the rainforest and describe why places are like they are.</p>	<p>recognise key features of the rainforest and describe why places are like they are.</p>
Year 5	<p><b>Food from Around the World</b></p> <p>Using maps to locate (focus Europe, North/South America) looking at key physical and human characteristics, countries and major cities. Name and locate countries. Understanding similarities and differences through studies of human and physical geographical localities. Describe key aspects- climate zones, biomes, vegetation, land use, economic activity, trade links.</p>	<p><b>Food from Around the World</b></p> <p>Using maps to locate (focus Europe, North/South America) looking at key physical and human characteristics, countries and major cities. Name and locate countries. Understanding similarities and differences through studies of human and physical geographical localities. Describe key aspects- climate zones, biomes, vegetation, land use, economic activity, trade links.</p>	<p><b>Volcanoes and Earthquakes</b></p> <p>Locate places, using maps- focus on Europe, North and South America. Identify key physical features. Understand physical similarities and differences through studies of a geographical region in a European country and region on North and South America.</p> <p>Locating countries on maps, using the 8 points on a compass, four and six figure grid references, using symbols and keys to build their knowledge of the wider world.</p>	<p><b>Volcanoes and Earthquakes</b></p> <p>Locate places, using maps- focus on Europe, North and South America. Identify key physical features.
