1. AIMS

Schools are required under the Equality Act 2010 to have an accessibility plan. The purpose of the plan is to:

- Increase the extent to which pupils with disabilities can participate in the curriculum
- Improve the physical environment of the school to enable pupils with disabilities to take better advantage of education, benefits, facilities and services provided
- Improve the availability of accessible information to pupils with disabilities

Our school aims to treat all its pupils fairly and with respect. This involves providing access and opportunities for all pupils without discrimination of any kind.

Each child who joins our school will be welcomed and valued regardless of sex, race, belief, physical disability or learning difficulty. The purpose of this accessibility plan is to show how Stanley Primary School intends, over time, to increase the accessibility of our school for disabled

pupils. Stanley Primary School is committed to providing an environment that enables full curriculum access that values and includes all pupils, staff, parents and visitors.

The plan will be made available online on the school website, and paper copies are available upon request.

Our school is also committed to ensuring staff are trained in equality issues with reference to the Equality Act 2010, including understanding disability issues.

The school supports any available partnerships to develop and implement the plan.

This plan has been drawn up based upon information supplied by the Local Authority, and in conjunction with pupils, parents, staff and governors of the school and will advise other school planning documents.

This Accessibility Plan sets out the proposals of the Governing Body of our school to increase access to education for disabled pupils in three areas:

- a) Increasing the extent to which disabled pupils can participate in the school curriculum; which includes teaching and learning and the wider curriculum of the school, such as participation in after school clubs, leisure and cultural activities or school visits;
- b) Improving the environment of the school to increase the extent to which disabled pupils can take advantage of education and associated services;
- c) Improving the delivery to disabled pupils of information, which is provided in writing for pupils who are not disabled.

Our school's complaints procedure covers the accessibility plan. If you have any concerns relating to accessibility in school, the complaints procedure sets out the process for raising these concerns.

We have included a range of stakeholders in the development of this accessibility plan, including pupils, parents, staff and governors of the school.

The governing body recognises its responsibilities towards employees with disabilities, and will:

Monitor recruitment procedures to ensure that persons with disabilities are provided with equal opportunities.

Ensure that employees with disabilities are supported with special provision as appropriate to ensure that they can carry out their work effectively without barriers.

Undertake rescindable adjustments to enable staff to access the workplace.

2. LEGISLATION AND GUIDANCE

This document meets the requirements of [schedule 10 of the Equality Act 2010](#) and the Department for Education (DfE) [guidance for schools on the Equality Act 2010](#).

The Equality Act 2010 defines an individual as disabled if they have a physical or mental impairment that has a ‘substantial’ and ‘long-term’ adverse effect on their ability to undertake normal day to day activities.

Under the [Special Educational Needs and Disability \(SEND\) Code of Practice](#), ‘long-term’ is defined as ‘a year or more’ and ‘substantial’ is defined as ‘more than minor or trivial’. The definition includes sensory impairments, such as those affecting sight or hearing, and long-term health conditions such as asthma, diabetes, epilepsy and cancer.

Schools are required to make ‘reasonable adjustments’ for pupils with disabilities under the Equality Act 2010, to alleviate any substantial disadvantage that a pupil with disabilities faces in comparison with a pupil without disabilities. This can include, for example, the provision of an auxiliary aid or adjustments to premises.

3. ACTION PLAN

Our aims are to:
