Under the General Data Protection Regulation (GDPR), the lawful basis we rely on for the majority of processing (including pupil learning and pastoral care) is:

(c) processing is necessary for compliance with a legal obligation to which the controller is subject; (e.g. health & safety, safeguarding)

(d) processing is necessary in order to protect the vital interests of the data subject or of another natural person; (e.g. medical emergencies)

(f) processing is necessary for the purposes of the legitimate interests pursued by the controller or by a third party, except where such interests are overridden by the interests or fundamental rights and freedoms of the data subject which require protection of personal data, in particular where the data subject is a child. (e.g. school photographs)

When processing special categories of personal data the organisation will engage an additional condition from Article 9(2)(a) of the GDPR.

## **Collecting pupil information**

We collect pupil information from a number of sources including but not limited to: admission forms, the Local Authority, other education settings, pupils as the data subjects, health professionals and family members.

Pupil data is essential for the schools' operational use. Whilst the majority of pupil information you provide to us is mandatory, some of it is requested on a voluntary basis. In order to comply with the data protection legislation, we will inform you at the point of collection, whether you are required to provide certain pupil information to us or if you have a choice in this.

## Department for Education

The Department for Education (DfE) collects personal data from educational settings and local authorities via various statutory data collections. We are required to share information about our pupils with the Department for Education (DfE) either directly or via our local authority. All data is transferred securely and held by DfE under a combination of software and hardware controls, which meet the current government security policy framework. For more information, please see 'How Government uses your data' section below.

## How Government uses your data

The pupil data that we lawfully share with the DfE through data collections:

- underpins school funding, which is calculated based upon the numbers of children and their characteristics in each school.
- informs 'short term' education policy monitoring and school accountability and intervention (for example, school GCSE results or Pupil Progress measures).
- supports 'longer term' research and monitoring of educational policy (for example how certain subject choices go on to affect education or earnings beyond school)

To make a request for your personal information, or be given access to your child's educational record, contact the school office or email [dpo@layton.blackpool.sch.uk](mailto:dpo@layton.blackpool.sch.uk).
