Thursday 24th March 2022 6.00pm-7.30pm

Target Audience

All members of the community can access this training online. This is not a face to face training

Course Outline

The programme delivery and facilitation is led by Alteristic (Green Dot).

Alteristic is a non-profit organisation based in the United States, that is committed to fostering safe, equitable, and healthy environments. A recognised expert in the field of preventing harassment, bullying, sexual assault, domestic violence, and other forms of interpersonal violence. Alteristic provides programmes and strategies that are created for, and customised to, meeting the needs of schools, community, workplace or industry

- The programme uses the analogy of a green dot to illustrate certain positive behaviors. A green dot is any choice, behaviour, attitude, or statement that expresses intolerance of bullying, sexual assault, sexual harassment, dating/partner violence and stalking on-line or in person.
- Learn about the key components of bystander intervention and begin to consider what your individual and unique role will be in creating a positive and healthy community where far fewer people experience harm.
- Join us as we host an exciting session that aims to introduce the work Blackpool will be doing with Alteristic in the community
